

5
1-57. An electron beam apparatus according to claim
57, wherein said spacer is in electrical-contact with another
electrode in addition to one of said row-directed or column-
directed wires.

Panel
5
63. An electron beam apparatus according to claim
62, wherein different electric potentials are applied to said
another electrode and said one of said row-directed or
column-directed wires.--

REMARKS

Claim 1 has been cancelled and replaced with Claims
57-63, which are directed to an electron beam apparatus.

Due consideration and prompt passage to issue are
respectfully requested.

Applicants' undersigned attorney may be reached in
our Washington, D.C. office by telephone at (202) 530-1010.
All correspondence should continue to be directed to our
below-listed address.

Respectfully submitted,

Walter D. Mulgrew
